

ABLOY[®] EL460, EL461, EL560, EL561
Europrofile handle controlled locks

New Europrofile locks can be installed with long plates or roses.

FUNCTION

Handle controlled locks can be set to function as fail locked or as fail unlocked. In the fail locked setting, the lock can be opened by handle when power is on, and it can not be opened by handle, when power is off. In the fail unlocked setting, the electrical function is the opposite.

ABLOY® EL560 and ABLOY® EL460

Only outside handle is electrically controlled. The lock can always be opened by inside handle. Mechanical opening by cylinder is always possible.

ABLOY® EL561 and ABLOY® EL461

Both inside and outside handles are electrically controlled. Mechanical opening by cylinder or thumbturn is always possible.

APPLICATION

The locks are recommended to be used in the interior doors of business premises, public buildings, hospitals, educational premises etc. Typical applications are the doors of:

- Offices
- Meeting rooms
- Storage rooms
- Technical maintenance rooms
- Consulting rooms
- Fire doors (medium traffic)

EL560 and EL561 are used in wooden and metal doors. EL460 and EL461 are used in narrow profile doors. EL560 or EL460 with split spindle is chosen, when exit by handle is needed. EL561 or EL461 is chosen, when both access and exit are electrically controlled.

Handle controlled locks are best suited in medium traffic doors. The locks can be electrically controlled by access control system or by a remote control system such as timer, keypad or push button.

The locks can be used both in exit and fire rated doors (EN). The locks are not suitable to be used with door automatics.

Also available:

- Microswitch locks
 - EL360 for wooden and metal doors
 - EL260 for narrow profile doors
- Mechanical locks
 - EL160 for wooden and metal doors
 - EL060 for narrow profile doors

Also available lock cases for Swiss cylinder (RZ):

- EL562 (split spindle), EL563 (through spindle) for wooden and metal doors
- EL462 (split spindle), EL463 (through spindle) for narrow profile doors
- EL362 microswitch lock for wooden and metal doors
- EL262 microswitch lock for narrow profile doors
- EL162 mechanical lock for wooden and metal doors
- EL062 mechanical lock for narrow profile doors

STANDARD DELIVERY
